borrow the county's broom! I rally behind the job of a few but can't figure out some of the others' comments and attitudes. It is all about BUTLER or at least what is left of it.

(ED. NOTE: All mayors and council members run every four years. The next municipal election will be held in the summer of 2008. Each council usually designates what areas of concern each council member oversees, such as streets, sanitation, water, etc. - Tommy.)

It takes a sorry man to haul off someone's dog just because of what kind of breed it is. Well you know who you are and I, by the way, found my dog and know that you were seen putting out! If it EVER happens again there will be legal actions taken against you because we have already checked into it. The best thing you can do is stay away from my DOGS!! They have never done anything to you nor anyone else!!!

When they crack down on gambling in these stores, didn't that mean every store was suppose to take the machines out? I know one that has not, people are still gambling there and that's not right. Is there a number where this can be reported, because the law is the law and should apply to everyone. Please put that number in the paper.

(ED. NOTE: The number to the Investigations Division of the Alabama Attorney General's number is 334-242-7345.)

It is a great idea to improve the looks of Butler. My hat is off to the people working on this. But please think before you plant. The trees on the sidewalks are growing into the power lines and spreading wider and wider into the buildings. The branches are too low. Is anyone going to shape them or will the power company eventually come in here and flatten the tops out? I'm not complaining but think that some pruning and maintenance needs to be done on a regular basis.

I truly appreciate the excellent coverage that the Sun gives to our schools, both public and private. I have grandchildren at both PA and SCHS, and it means a lot to me to see that your paper cares about the students and teachers in our county. Thank you, Dee Ann. Your work is very much appreciated.

I am a concerned parent at CCHS and we are in a position where we can't talk to our children's teachers about their grades at PTO meetings because, as it has been stated to us, the teacher is not required to come to PTO meetings but can come if they want to. This school is a mess. Can you print the State Dept. of Education's number in the paper? Our children are failing and, in my opinion, nobody cares.

(ED. NOTE: The phone number in Montgomery is 334-242-9700.)

I got to Butler on the 20th of December for the Christmas holidays and the next day I found myself sick with bronchitis. After inquiring where the local hospital was, I found out the nearest was in Meridian. Then, I asked, where could I find a local doctor? I didn't think I was sick enough to go to the hospital. I was given directions to the two doctors in Butler. Guess what? They were closed until Jan. 2. What are you people thinking down there? Folks need medical care! I realize that medical people need time off to be with their families, too, but, this is a little far-fetched. What happened to the After Hours Clinic?

I personally know of some idiots who are providing beer and whiskey for juveniles. This is going on in several communities. Who do I report this to? Also, there are at least two convenience stores where underage people can walk in and buy cigarettes without ID. I have witnessed this personally.

(ED. NOTE: Contact District Attorney Spencer Walker's office at 205-459-3764, or 251-275-3144; or Alabama Beverage Control Board investigators at 251-275-8714 - Tommy.)

I recently looked at a CDL book thinking I would like to get a CDL bus driver's license to drive for field trips. Man, what a test! There is so much more to learn than people realize! I have a college degree, and I don't know that I could pass the test. The lives of our children should be the most important thing. Would you want your child riding on a bus with someone who isn't qualified to drive? I find it ironic that the board is wanting to up the superintendent's pay, but fails to consider the many other people who are involved in the education process, including bus drivers and teachers. Many of those board members have never been inside the classroom unless it's election time. Come to think of it, many of our previous superintendents have neglected our schools once they got into office making that big, fat salary! Forget the increase to the superintendent. Give the money to the teachers and drivers.

I'm not sure whose idea it was to move Butler's court to the courthouse but I think Council Member Mosley is right. The CITY needs to handle CITY business. The Council makes the decisions for the City so vote and do whatever necessary to move it back.
